

# ETI360

## Connecting with Trip Providers

### Introduction

Welcome to ETI360, where we believe in the transformative power of educational travel programs. Our mission is to **simplify the process for schools and trip providers, creating meaningful connections and unforgettable experiences for students.** With ETI360, we aim to bridge the gap between schools and trip providers, fostering collaborations that benefit both parties.

### What does ETI360 do?

www.eti360.com

At ETI360, we are dedicated to supporting schools in their educational travel endeavors. We offer a range of services designed to simplify the management of travel programs. **Our team works closely with schools, assisting them in aligning their goals, policies, and procedures to ensure successful program implementation.** We work with schools to source and prepare for the trips that meet their educational goals.

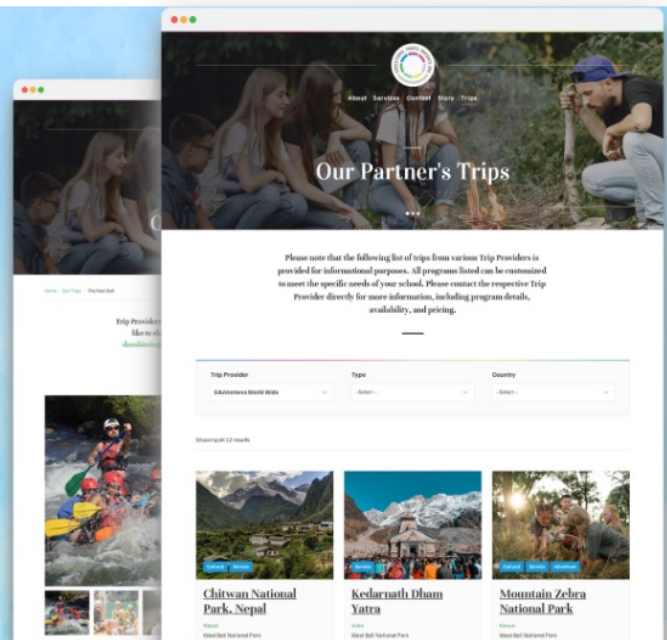

Once the school selects their trips, **we work with trip providers to collect and organize the itineraries, learning objectives, risk mitigation documentation, emergency action plans, etc.** We also facilitate the exchange of important information such as medical and dietary requirements of students and teachers.

**Our goal is to simplify the process for both schools and trip providers** so you both can focus on the learning experiences of the students.

### Database of Top-Quality Trips

At ETI360, **we curate a database of exceptional trips from worldwide providers.** Our aim is to showcase remarkable experiences, enabling schools to find tailored educational programs. Partner with us to promote your offerings, gain exposure to schools globally, and increase your chances of selection.

## Social Media Marketing Campaign

ETI360 harnesses social media's power to engage and promote exceptional trip providers. Through captivating Facebook, Instagram, and LinkedIn posts, we highlight your unique offerings, destinations, and educational value. Partner with us to build online audiences together. We want to you connect with educators, students, and travel enthusiasts, showcasing your travel experiences.

**Note** - You will have the opportunity to review and approve all social media posts and database listings before they are made public.
